Rev Tom Lewis, Official Vicar of Race Conditions, declared the air temperature at the start of the race to be 23.5 degrees Farenheit, and Magrey deVega, Supervising Vicar of the Race, then determined the event shall be submitted to the Guinness Book of World Records as the largest Shrove Tuesday Pancake Race to be run at temperatures less than freezing.

\* "Arctic Course" is the race course encountered with some frozen material and at temperatures at or below freezing at the start. This is the first year "Arctic Course" has been declared.

"Paradise Course" is the race course entirely free of ice and snow & without substantial impact of adverse weather conditions ~ just doesn't get any better. The 2009 race was a "Paradise Course" race.
